

## **Have you resumed your program in a school? Did the fees change? Are there new regulations or protocols?**

The [SPACE Coalition](#) (Saving Public Access to Community space Everywhere) needs your stories to help improve community access to schools. Have you resumed your program in a school? How has your usage changed since the pandemic? Did the fees change and if so, how and how much? Are you navigating new regulations or protocols? Right now, the SPACE Coalition is focussing on the need for funding to offset permit fee increases and COVID impacts.

SPACE is having conversations with MPPs, and your stories will help us make a strong case for these much-needed investments. We recently updated our briefing note, [Moving Forward: Maximizing Community Use of School Space](#), to include the budgetary implications of our key recommendations.

Please share your stories via [SPACECoalitionON@gmail.com](mailto:SPACECoalitionON@gmail.com) or [SHARE YOUR STORY HERE](#).
