

## **Generate Winter Cup Roster**

Go to your Got Soccer Account, Winter Cup Event > Roster

Under 'View By Event' select Winter Cup

Click blue button 'Generate Roster'

**Deactivate** any of your regular players not attending the tournament – this does not delete them from your team records. They will be highlighted in orange at the bottom of the page.

**Guest Players** must be added to your Winter Cup Roster – click the green 'Guest Player' button.

**Club Player Pass** feature is available for those using guest players within their club – click orange 'Club Player Pass' button

Confirm all players attending the tournament are listed and photo displayed. This information is what prints on your game cards and what will be used to validate players prior to start of your games.
