

February 19th, 2020

Dear BBLYHA

I'm writing you today to inform you of my interest in running for an open board position in the upcoming elections. I believe I can be a great asset to the Association and I'm looking forward to the opportunity.

Since 2003 I've been self employed and have successfully owned and operated 3 businesses. In nearly 17 years I have represented hundreds of clients with the purchase and/or sale of their homes, purchased and sold real estate for investment, and built homes from the ground up. The fiduciary duties of a Real Estate Agent, the Real Estate Code of Ethics, and my overall experience as a business owner have helped me develop strong communication and critical thinking skills that I believe will be beneficial to the Association and I look forward to maintaining and growing one of the most reputable Hockey Associations in the area.

Sincerely,

Ray Clark
