College Park High School Secondary Turf Practice Area

Jim Keck keckj@mdusd.org 925-984-6402

Scope of Project:

We would like to lay approximately 50 yards x 65 yards of turf over our existing grass area to the South of our swimming pool. The area has been unplayable and unsafe to use for many years. The gopher holes, crevices, spotty grass and weeds along with "swamp" areas are a hazard to our students athletes. The turf to be used has been donated and is on site.

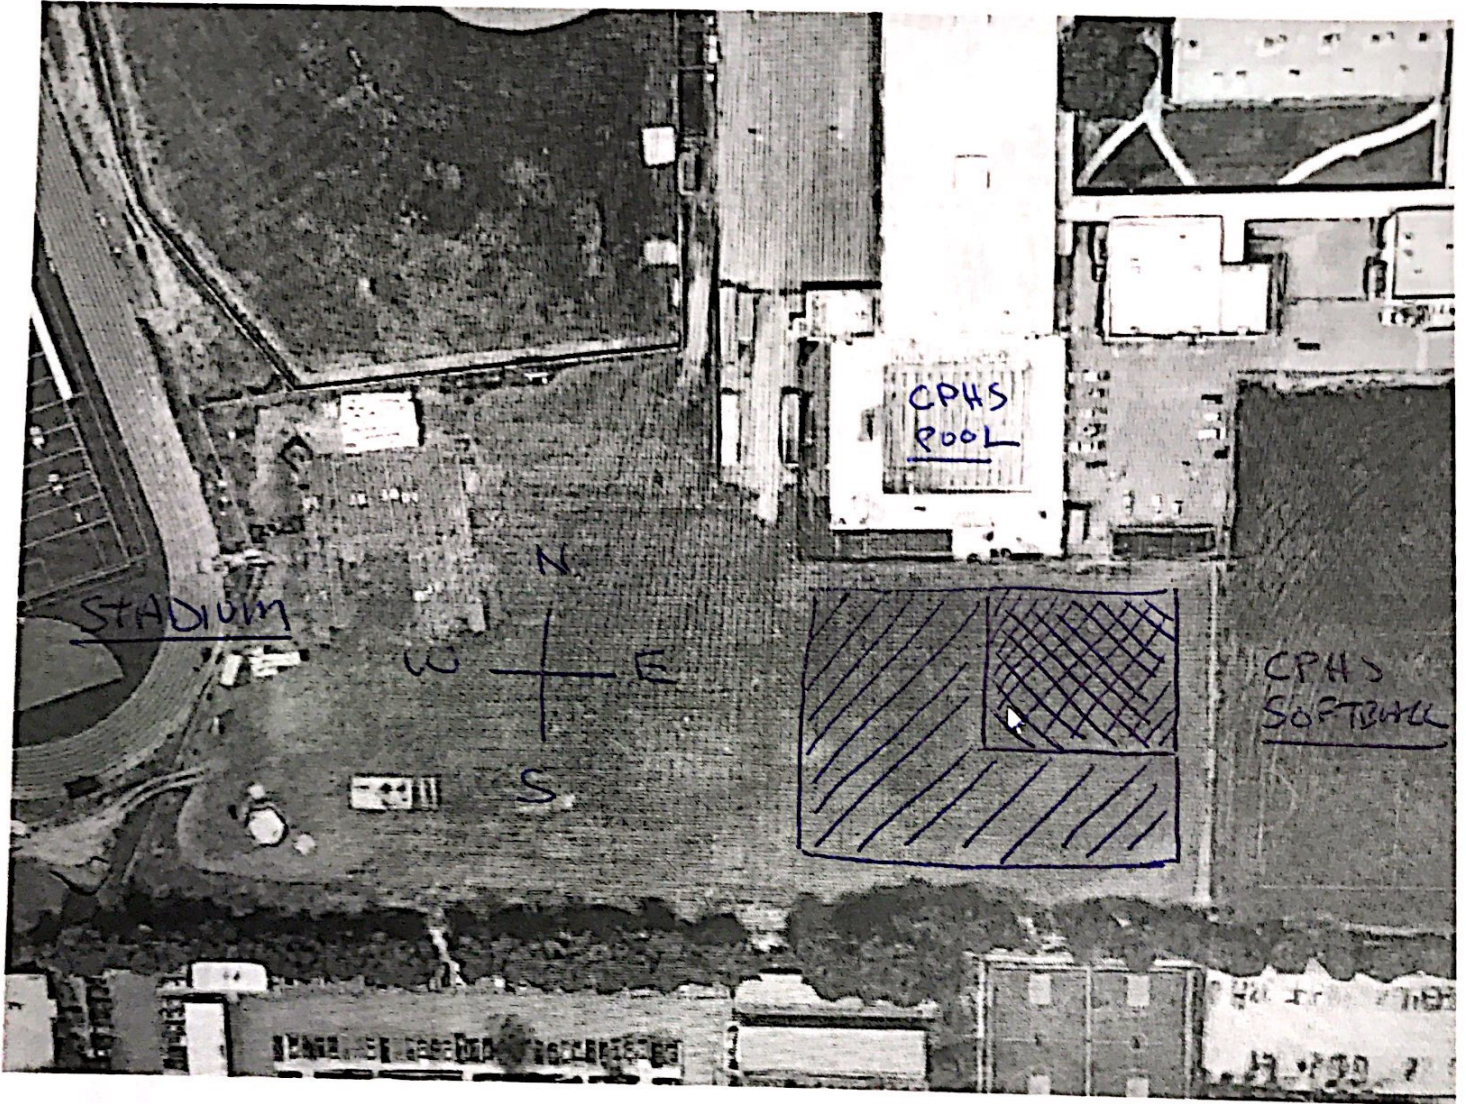

We have a parent volunteer, Brian O'leary of BCO Construction, who will volunteer his company to smooth the area for the turf to go on to fill and remove any holes and crevices.. We do not plan to add any additional underlayment. These services will be donated and BCO has previously submitted paperwork to the district for volunteer status.

Materials: Donated bobcat from BCO to smooth area for turf.

Schedule: Would would like to begin ASAP once approved. We anticipate project can be completed in a week once started.

Site Map: See attached. The original area indicated comes from a VPR form submitted 10/16/2018. It was originally intended for Valley View.

Security: Jim Keck
