

Plymouth Regional Huskies

Hello!

We have an exciting announcement to share!

Effective immediately, the Plymouth Regional Huskies have been accepted unanimously into the Granite State Football League, and Twin State Snowbelt League.

What does this mean?

Our tackle teams are going to compete against fellow Division II & III programs across the state of NH & VT.

Our tackle teams from grades 2-6 will be a part of the Twin State Snowbelt League

Our 7-8th grade tackle team is going to be a part of the Granite State Football League.

We believe that by competing within these leagues, we provide our families and neighboring programs with a stable, competitive, and high-quality environment that benefits the entire regional football ecosystem.

The Plymouth Regional Huskies and the welcoming leagues have a strong dedication to athlete development.

We feel that the leadership, the structure, and the format of both leagues align perfectly with our goals of continuing to prepare our athletes for the high school level.

Football is alive and well in New Hampshire, and we want to keep our program in a league that has a history of competitiveness, strong leadership, and a dedication to growing and fostering the game of football.

We are looking forward to healthy competition, and a long-lasting partnership with the Granite State Football League, and the Twin State Snowbelt League.

Respectfully,

Plymouth Regional Huskies Leadership
