

### Selecting Season for Scoring/Entering Games

During the overlap when Travel divisions begin the regular season and House divisions are still in the seeding round, it may be necessary to toggle between seasons on the website. Here is how:

After logging in, navigate to the STANDINGS tab and identify the season.

If you are SCORING games in the HOUSE division, please select “Seeding Round 2019-2020”

If you are ENTERING home games in the TRAVEL divisions, please select “Regular Season 2019-2020”

**\*NOTE: The default season should be “REGULAR SEASON” so travel teams should not have to adjust!**
