

On behalf of the Coaches and Booster Parents, we would like to welcome you to the 19th Season (appropriate) of Harborwomen Hockey. So much has been accomplished in nearly two decades. The program has gone from a club team to winning both the Division II State Championship and the Division I State Championship!

We would like to acknowledge Tom Findley - Varsity Head Coach, Michael Flynn - Varsity Assistant Coach, Bruce Haas - Varsity Assistant Coach and JV Coach, and Christopher Gong - JV Head Coach. We are fortunate to have all of these coaches working with our daughters throughout the season.

In past years, the Booster parents have focused on planning events such as pasta parties, fund raisers and other team building events. With the challenges facing us this year, our charter has changed, and shifted to supporting the program's goals of ensuring the team's and coaches' safety so they can maximize their ice and playing time.

If you have any questions or suggestions, please feel free to contact any one of the captains' Parents. We are moving away from excessive paper and relying more on the website for information such as the game and practice schedules, event updates, and other miscellaneous information. We will also be sending out regular email blasts for updates as needed. Please bookmark the website

<https://www.hinghamports.com/page/show/2984331-harborwomen-hockey> for all this information.

The team and parents did a phenomenal job last year in building up the treasury, yet we all know that fund raising will not be a focus for the year. Still, we are collecting booster fees (\$100) so that we can support the funding of warm ups for the freshmen, year end gifts and potentially (hopefully!) other team building activities.

Booster fees of \$100 are due - we accept checks to **Harborwomen Hockey Boosters** or you can pay by Venmo to **@Harborwomen-Hockey**

We look forward to an exciting and successful season. Thank you in advance for your time and support.
