# Registering On MRS – The OVA Registration Software

The MRS is the Ontario Volleyball Association (OVA) registration system. Every player and coach must register with the OVA using this system.

Please note that every person that registers with the MRS must have their own unique email address. If you will be registering only one child on MRS, a parent can use their own email address, but if you will be registering more that one child, all but one child must have their own email address. Our recommendation is that each person being registered have their own unique email address.
Please make sure that each person being registered have their own email address. If they don't, please create these first.

1. Open the MRS system at https://mrs.ontariovolleyball.org/Account/Login . You will get the following screen. If you are renewing a registration, enter the email address and password for the athlete you are registering. On the left side of the page, click "Upgrade Membership" and proceed to step 5.

    If you are registering with the OVA for the first time, click on "New User? Sign up here". Fill out the required information.

2. You will then receive the following confirmation email. You must then go the email account entered above to complete the registration.

Registration - Confirmation Email

A confirmation email will be sent to you within the next 5 minutes with a link to continue the registration process.

3. You will then be taken to the following page to complete the registration.
