

# Come Play Youth Hockey!

## The Pathway to Youth Hockey in Vermont.

These local associations host Learn to Skate and Learn to Play programs for 4 to 8 year olds in the state of Vermont. These programs support USA Hockey's American Development Model with age-appropriate, age-specific competition and training for boys and girls at any age that is fun and low cost to help introduce the game of hockey to your kids in your community. Through hockey, players learn teamwork, dedication, determination and perseverance and commitment.

Harwood  
Youth Hockey

This fall area rinks will be hosting the Bruins Academy Learn to Play Hockey Program. We will have several locations all over Vermont. The program is available to boys and girls from 4 to 8 years old that have never signed up for hockey before. This program is designed for kids that are NEW to hockey. Included in the registration fee is a full set of CCM equipment to keep valued at \$500 retail, which includes skates, stick and a professional personalized fitting, and four weeks of on-ice instruction led by certified coaches. The Boston Bruins are thrilled to share their passion for hockey with the next generation of hockey players in Vermont.

Our goal once the Bruins Academy is finished, is for your child to sign up with a local association and become part of the local hockey community in Vermont.

**\*\*\*Locations, dates and times will be posted on our VSAHA website this fall.**
