

Flag Football 2nd Grade

All games will be played on a 40 by 60 field and will last for one hour. Games will start on the 10-yard line.

Offense—9 players 5 lineman, 1 end, 2 running backs and one quarterback.

Defense—9 players 5 lineman, 3 linebackers and one safety. All linemen must be 1 yard back from the line of scrimmage and directly across from the offensive lineman.

The team beginning on offense will run 5 consecutive plays, regardless of ball advancement, touchdowns, or turnovers. Once the team has completed their 5 plays the positions will switch. The offensive team will now go to defense and the defense now goes to offense. If a touchdown is scored an extra point will not be attempted. The goal is to run as many plays as possible in the one-time frame. If a player drops the ball, it can be picked up and run with it. There are no fumbles or interceptions.

All coaches will act as referees. Timeouts can be called at any time with no limit of timeouts. Coaches are required to provide equal playing time. All players must rotate positions every week. We wish all players to have fun and practice good sportsmanship. Shaking hands after the game is required.
