The Oregon City Pioneer Elite basketball team is an Oregon City district based program, focused on promoting basketball skill development and a competitive experience for young players who aspire to play at the high school level or beyond. We are working to share our commitment and aspirations with our community to help broaden support of this great program. We have about 80-100 athletes each season.

The funds that our players and families raise will not only help defer some of the costs associated with our program, but will help grow our program. Please see the options below for sponsorships. Thank you for your support. We hope to partner with your business!
