It shall not be within the scope of the DYSL to alter or waive any national rules, if such action jeopardizes DYSL standing within the organization, unless the DYSL has determined that national membership is no longer advantageous.

### Section C: Player Eligibility

#### General Eligibility

- Any age or grade eligible youth, (depending upon program guidelines), from Dover or DYSL's jurisdiction is eligible for any DYSL sponsored program.

Only upon a Board vote can the registration cutoff date be changed. This should be avoided at all costs unless and until all posted registration periods have passed and team selection has been completed.
- All players who register after the registration cutoff date will be placed on a waiting list. These registrations will be evaluated by the Division Director with respect to team size, number of teams and number of coaches to determine whether each player will be allowed to play. organization. Where applicable, the most current publication of said rules will be the guide.

- Local: Under certain circumstances, the Division Director and/or the coaches may determine that local rules may replace or supplement official rules. When this occurs, local rules must first be approved by the Board according to the procedure outlined in these bylaws.

Therefore, any changes/amendments to game rules shall be as a result of a regular agenda item and voted upon at a regular Board meeting after having been announced to the general membership. This will allow for consideration of opinions to be heard on the proposed changes. 1. This is a non-competitive division. Ensuring the players have fun is the paramount objective and should always be stressed by coaches and parents. The emphasis should be placed on the learning of basic softball skills and the social skills of being a good teammate.
2. Games shall start on time as scheduled.
3. **Lightning Rule:** If, during a game, lightning is sighted, or thunder is heard by an umpire or coach, regardless of the estimated distance, the umpire will immediately clear the field for a period of 30 minutes. (The time will be recorded in the scorebooks.) Should lightning be sighted during the 30-minute delay, a new 30-minute waiting period begins. Play will be stopped on all fields when lightning is sighted at any one field. Players must return to their vehicles during the delay.
4. Umpire volunteers are encouraged. If a volunteer umpire is not available, the coach pitching shall be the head umpire with responsibility for making calls at 2nd base and home plate. The base coaches will serve as umpires and make calls at their respective bases. If there are no other coaches available, the head umpire will make all calls. The umpire will also call all dead balls as warranted.
5. Teams shall schedule no more than 3 events, games, or practices, per week.
6. A "Soft-Touch"/"Incrediball" shall be used to reduce the possibility of injury.
7. No metal cleats are allowed. Non-metal cleats are permitted.
8. Jewelry is permitted in all divisions of Babe Ruth League Inc. Umpires (or DSYL Coaches) have the authority to remove anything believed to distract or increase risk to player safety. Medical alert or religious bracelets or necklaces are not considered jewelry. In general, DYSL discourages the wearing of jewelry by its players during practices or games as it poses an increased risk of injury.

## Game Rules

Babe Ruth League Softball Rules & Regulations and Official Playing Rules (most recent edition) will apply to Dover Youth Softball League games in the 6U division. DYSL exceptions/additions are listed below.

1. BRSB Rule 4.15 – A game shall be forfeited ...  
DYSL Rule - An official game is one in which both teams have a minimum of 6 players. It is permissible to borrow a player from another DYSL 6U team. If one team has 3 more players than the other, it is recommended to borrow a player. If there are not enough players, then coaches may decide how best to utilize the time (combined practice or reschedule the game).
2. All games have a 75-minute time limit. Games called because of time limit will be considered a regulation game regardless of number of innings played. For clarification, a new inning begins when the 3rd out is recorded in the preceding inning.
3. All players bat every inning. The inning ends when the last player has hit. A rotating, serpentine batting order will be used to ensure all players get the same opportunity to hit throughout the season.
4. Players at bat shall be the only ones with a bat in their possession. All other players will remain on the “bench”.
5. The batter gets four attempts to hit the ball from the tee. The head coach will assist the batter in hitting the ball thereafter so the batter may run the bases.
6. The goal as the season progresses is to encourage the players to the opportunity to hit without the benefit of a tee from a coach pitching. If, after four pitches without the batter hitting the pitch, a tee shall be used.
7. All players play defense every inning. Up to ten players are permitted on the playing field. There shall be four outfielders.
8. No player may sit more than one consecutive defensive inning unless injured or has a medical condition preventing them from playing. All players must play a minimum of six defensive outs.

9. Players will rotate positions each inning. Each player should play at least one infield and one outfield position each game and encouraged to play all fielding positions during the season, excluding pitcher and catcher.
10. Two adult coaches are allowed on the field with their team while on defense. This is to assist with player positioning and coaching.
11. BRSB Rule 1.16 (c) – Pitcher, corner infielders (1st/3rd) are required to wear approved fielder facemasks. Face masks are strongly recommended for all fielders.
12. Bunting and stealing are not allowed.

## Coach's Code of Ethics

The role of a DYSL coach should not be taken lightly. League standards encompass four distinct areas:

Equality,

Safety and Health,

Sportsmanship and Respect,

Participation and Education

Therefore, as a DYSL Coach, I am expected to strive to achieve and maintain the following standards:

### *Equality*

Treat each player as an individual, recognizing the varying ranges of emotional and physical development of my players and that some physical tasks, drills, and demands are not appropriate for all.

Encourage all players, regardless of skill level, to be included as a member of the team and to remain involved in sports.

Include all players in team activities without regard to race, religion, color, sex, sexual orientation, disability, or any other state or federal legally protected classification

### *Safety and Health*

Place the emotional and physical well-being of my players ahead of anything else and encourage my players to remain active in youth sports and other activities to promote all aspects of their development.

Maintain an elevated level of awareness of potentially unsafe conditions and correct any which I find to provide the safest playing situations for my players.

Use required safety equipment to help guarantee my player's safety and reduce injuries.

Maintain a complete DYSL first aid kit for all practices and games.

Understand and practice the basic principles of first aid to treat minor injuries to my players; and recognize when to notify and/or defer to parents and medical authorities if circumstances are beyond my control.

Ensure injured players do not return to activity until they are cleared to do so, either by a parent or medical authority.

Support and provide a sports environment for my team that is free of drugs, tobacco and alcohol and refrain from their use at all youth sports events.

### *Respect and Sportsmanship*

Remember that this is a youth sport, and as a coach the game is intended for the players, not adults. As such, my desire to win shall not outweigh that of my players.

Remember, the expected role of a youth coach is to adopt a “children first” philosophy.

Treat all players, league officials, game officials, parents and spectators with dignity and respect.

Use appropriate language, in appropriate tones when interacting with players, league officials, game officials, parents and spectators.

Lead by example in demonstrating fair play and sportsmanship to my players and peers.

Always be gracious whether accepting victory or defeat.

Maintain a positive, helpful, and supportive attitude to my peers, DYSL members and players.

Exercise my authority/influence to help control the behavior of fellow coaches, fans, and spectators.

### *Education and Participation*

Place the emphasis on fun, participation, and skill development.

Play all players according to the participation rules established by the games rule appendices.

Become knowledgeable of the rules of DYSL softball and teach these rules to my players.

Establish practice plans that are fun, interesting, varied, productive, challenging and aimed at improving all players’ skills within their individual abilities.

The practices/events shall be of reasonable length and intensity appropriate for the age and condition of the players.

Abide by and support the spirit of the rules of the game and discourage illegal or intentional dangerous play.

\_\_\_\_\_ I have read, understand, and agree with the above standards.

\_\_\_\_\_ I understand that I need to review and sign this document on an annual basis

\_\_\_\_\_ I will strive to follow these rules.

\_\_\_\_\_ I will support and share this “Code of Ethics” with my peers, team members, family, and spectators of youth sports so that they understand the importance of these tenets and will report any discretion to the Division Director or DYSL President.

\_\_\_\_\_ I will not make, engage, support, encourage or influence any false statements to or about my peers, team members, spectators and will report immediately any such statements made to the Division Director or DYSL President.

This document describes the selection process, roles, responsibilities, and expectations for anyone coaching in DYSL.

### Coaching Philosophy

Coaching Philosophy of DYSL is as follows:

1. DYSL was formed to provide a safe learning environment for the youth of the area without exception to race, religion, nationality, gender, or financial status.
2. Coaches are required to promote teamwork, skill development, recreation, good sportsmanship, cooperation, honesty, loyalty, courage, respect, community, and the ability to attain individual goals, with competition as the means, not the goal.
3. Coaches are also required to provide the best possible level of instruction and organization to the enrolled players.
4. To maintain a patient, positive and supportive attitude when communicating with the parents and players.
5. To establish and communicate the rules, organization, and expectations for practice and game situations to parents and players.
6. To introduce various skills, explain the skills and the importance of the skills, demonstrate the skills, and attend to players who are practicing the skills.
7. To actively collaborate with parents and players to address any questions or concerns that may arise, and;
8. To strive for players and parents to have an enjoyable experience and continue the desire to play softball.

## Coach's Code of Ethics

The role of coach in DYSL should not be taken lightly. Those applying to be a coach are making an agreement with the league, the parents, and the players to follow the rules and expectations of the league.

It is the responsibility of all coaches to read, understand and follow the [Coach's Code of Ethics](#) outlined in these DYSL Bylaws. This form must be filled out and submitted at the time of application.

## Training and Background Requirements

All DYSL coaches must adhere to specific requirements to be eligible to coach. This list may not be complete; please refer to the DYSL website for the latest updates on mandatory training.

1. DYSL strives to create a safe atmosphere for all the children who wish to play softball. It is a requirement of DYSL for all coaches to have an up-to-date background check completed at least every two years. Anyone who fails the background check will not be allowed to coach in the league. Directions for completing a background check will be provided separately by DYSL.
2. City of Dover Endorsed or Required Training – It is a City of Dover rule that all coaches must have attended specific endorsed or required coaching training (NH Coach Smart or City approved equivalent course). Coaches must only attend this training once and it is applicable for coaching any youth sport in the City of Dover. Anyone who has not taken this training will not be allowed to coach in the league.
3. First Aid Training – All DYSL coaches must attend the First Aid training that is provided by the league. This training is completed in conjunction with the Dover Fire Department and is provided before the season begins. This is an annual training requirement.
4. Online Babe Ruth League Softball Certification Training – This training is not required for all coaches for the spring season. For any coaches who wish to Coach or Assistant Coach one of the Babe Ruth tournament teams, this training is a requirement. Coaches who have not taken this training will not be allowed to coach the tournament teams.
5. USA/NSA League Softball Coaches Training - Any coaches who wish to Coach or Assistant Coach one of the USA/NSA tournament teams must complete all required training. Coaches

who have not taken the required training will not be allowed to coach the tournament teams.

### Qualifications

The roles of Head Coach and Assistant Coach are important roles in the successful and efficient operation of the league. In addition to the requirements listed above, the coaching positions require a dedicated commitment for the season. All coaches should be organized, excellent communicators, leaders, good listeners, engaged, and analytical people. Head Coaches and Assistant Coaches who have previous experience are a plus.

### Applying for Coaching Position

Any volunteer wishing to be a Head Coach or Assistant Coach in DYSL must first fill out and submit the DYSL Volunteer Registration which can be found on the league website. This application is used to provide some information about the applicant as well as their training background and experience.

There are two parts to the application that must be submitted to be considered for approval:

1. A completed and Volunteer Application.
2. A completed and signed Coach's Code of Ethics

All coaches must apply/reapply for a coaching position each season

### DYSL Team Coach Selection:

Coach selection is one of the most important decisions that the Board will make every season. DYSL strives to select the most qualified individuals who meet the requirements and support the goals of the league. Proper coach selection will ultimately ensure player improvement and enjoyment the league strives for. The Director of Coaches is responsible for selecting and/or recommending head coaches and assistant coaches for all approved teams. The Board has final approval responsibility for all coaches.

The Coach Selection process for all approved teams shall proceed as follows:

1. The interested coach shall submit the information described above to the Director of Coaches.
2. The Director of Coaches will review applications and other supporting documentation about

- the applicants (positive or negative) which may have been provided by the board.
3. Spring, Summer and Fall coaching applications will be accepted from August 1st of the preceding year to April 1st of the current year.
  4. The recommendation for spring league will include a list of individuals for Head Coaching positions, as well as a pool of Assistant Coaches. Assistant Coaches will be assigned to teams in accordance with procedures outlined in Appendix IX.
  5. The Board will make the final decision on each application.
  6. The Director of Coaches will notify each applicant of the decision that the Board has reached.

#### Roles, Responsibilities and Expectations

The Coach's overall responsibility is to provide a safe learning experience for all players in line with the DYSL Bylaws and Coach's Philosophy. These responsibilities consist of but are not limited to the following:

#### Communication

Communication is the most important responsibility of the Coaches. Communication is required on a frequent basis. It is important that the Coach is up to date on all league business so that information can be filtered onto the parents. It is the responsibility of the Coaches to communicate with the following groups:

#### Division Director

The Division Director should have frequent contact with the coaches. It is important for the Division Director to share the league's coaching philosophy with all coaches. The Division Director must communicate league business directly to the coaches. The coaches are responsible for communicating league information with the parents. The Division Director will be the point of contact for matters such as scheduled game, scheduled, umpires, equipment, uniforms, player/parent issues, team pictures, etc.

#### Parents

Effective communication with parents is crucial for the parents and players to have an enjoyable experience. Therefore, Head Coaches are encouraged to hold a preseason parent/player meeting each

year. Discussion topics include coaching philosophy, player and parent expectations, league playing rules, and how and when to address any parents' concerns as they pertain to the league, a coach, another parent, or something else. If any parent's concern cannot be addressed directly by the Head Coach, it should be elevated to the Division Director. If the situation cannot be resolved by the Division Director, it should be elevated to the Director of Coaches for resolution.

### Other Leagues

When Dover teams play teams from other leagues. It is the responsibility of the coaches to effectively communicate with the appropriate coaches from the other leagues.

### DYSL Assessment (10U, 12U and 16U)

The 10U, 12U and 16U leagues assess all the players prior to team formation. The League Scheduler will set the date and time for the player assessments. The coaches use the player assessment to evaluate the individual player skills. Each player is ranked based upon these skills and those rankings are used during the Team Formation meeting to match the talent between all of the teams. It is the responsibility of the coaches to accurately evaluate all players to make balanced teams.

It is the responsibility of the Division Director to turn in final assessment materials to the Director of Coaches prior to Team Formation as identified in Appendix IX.

### DYSL Selection and Formation

The goal of the annual team selection process is to develop teams that will be competitive with each other. It is the responsibility of the coaches to support the Division Director in the team formation process.

### Game Scheduling

It is the responsibility of the League Scheduler to develop the schedule for the spring season. Occasionally games will be cancelled due to the weather. It is the responsibility of the coaches to:

1. Obtain the schedule from the Division Director and convey that to the parents.
2. The League Scheduler will attempt to reschedule games based upon field availability and revise the schedule accordingly.

In the 16U and 18U Divisions, spring, summer and fall teams, it is the responsibility of the head coaches to develop the practice and game schedule and convey that information to the League Scheduler. The League Scheduler will update the primary schedule and identify any conflicts for remedy by the coaches.

### Control of Players

It is important for all coaches to always remain in control of their team. This includes all practices and games. Players tend to get hurt when they are not paying attention to the practice or game.

### Conduct

It is important for all coaches to always set a good example for their players. Coaches should remain respectful of all players, coaches, parents, umpires, and spectators. Coaches should never speak with a derogatory tone. Coaches will remain supportive and strive to teach all players.

### Equipment

The coaches are responsible for all league issued equipment. The coach is responsible for working with the Equipment Director on all equipment-related problems. The Head Coach is responsible for returning all equipment on the scheduled date for the equipment's return.

Spring team equipment is intended for use by spring league teams and shall be returned to the Equipment Director at the end of the spring season. Summer All-Star teams will be given a summer team bag for their use. Summer All Star teams may choose to supplement their team bag with additional equipment. This will be done within their team budget and fundraising activities. USA/NSA teams will be responsible for supplying their own team equipment, through their team budget and fundraising activities. Fall teams will be supplied with equipment bags from the inventory of spring equipment bags.

### Coaching Issues

From time to time there may be issues that arise between a coach and the parents of a player. It is the expectation of the Coaching Director and the Board that the coach will work to address this issue with the parents directly and in a timely fashion. If the issue cannot be addressed without Board involvement, it will be the responsibility of the Division Director and the Director of Coaching to address all questions, concerns and complaints brought to the Board about a particular coach. A review of the issue will be made by the Division Director and if disciplinary action is recommended, that will be brought to the Board for a vote.

The disciplinary process is outlined in Article IX.

## Appendix IX: Spring Team Formation Procedure

### General

The league's desire is to form teams in such a manner as to gain as much parity within each playing division while also providing a positive, yet competitive experience for the player as they learn the game of softball.

### Process

#### 6U & 8U Divisions

1. The Division Directors are responsible for organizing the team formation process.
2. The Division Directors will develop a list of registered players to be used during team formation.
3. The head coaches of each team will select players with the following goals in mind:
  - a. The teams should have an equal number of older players and younger players when formed.

### Player

- b. Players returning to the same division from the preceding year may remain with the same team regardless of the team's sponsor unless there is a desire/request to move to another team.
- c. New players should be added using tools such as school attending, player requests, and coach's choice as a guide.

#### 10U, 12U, & 16U Divisions

1. Babe Ruth League rules apply.
2. Player requests for specific teams and coaches may be considered with the overall goal of developing competitive teams.

3. Each season new teams will be formed.
4. All players registered for 10U, 12U and 16U must attend player assessments for their given division. For players requesting to play up to the next age division, the player must attend the assessment for their division based upon birthdate and the assessment for the division they are requesting to play up to.
5. The Division Director will run assessments as follows:
  - a. Head Coaches are expected to attend the assessments of their division. Assistant coaches and other knowledgeable adults (i.e., past coaches) may also be used to conduct assessments. The goal should be to have a minimum of six (6) assessments completed for each player.
  - b. The assessments shall score players on various skills of pitching, catching, throwing, and hitting. Numerical scores will be given to each player for each skill.
  - c. The Division Director will collect all assessment sheets at the end of assessments. The results shall be calculated as follows:
    - i. Sum all scores for the individual skills on a given assessment sheet to develop a total score for each player.
    - ii. The total scores for each player will be averaged for all assessments.
    - iii. All players will be ranked from highest average total score to lowest average total score.
    - iv. The ranked list will be used in the team selection process.
    - v. The Division Director is responsible for providing the final assessments to the Board for proof of assessments prior to team formation.
  - d. Players who are excused from assessments for distinct reasons (i.e., sickness, family commitment, school commitment, etc.) may be given an assessment from coaches who are familiar with the player. If the coaches are not familiar with the player, the player will be placed at the bottom of the ranking.

- e. Reference Attachment 2 for the forms to use for conducting Player Assessments.
6. Late registrants, if accepted into the league, will be placed onto teams with the fewest players following the drafting order that was ended off with at the team selection night unless the placement upsets the parity within the division. The Division Director will determine where to place players. If they are returning players or players that have never played, and a general knowledge of their skill level is known, then that should also be used when placing them. The intent is to not have players miss assessments to play on a desired team.
7. Exception: If the player(s) possess quality pitching/catcher skills then the Division Director must determine with division Head Coaches assistance, which team(s) should be considered for placement before placement. If an agreement cannot be reached, the President will make the final decision.

#### Player Selection

1. The Division Director will organize and run the player selection process with the goal of developing parity based upon skill and team size on all teams in each division. The Division Director will inform the Board of the date, time, and location of team formation. Board members are encouraged to attend team formation as observers to ensure bylaw procedures are being followed.
2. A “blind draft” process will determine the team formations. A “blind draft” is the formation of teams without knowing who the head coaches/assistants are for the specific teams. The head coaches of the teams are determined after all the teams have been formed. The goal of a blind draft is to guarantee each team will be as even as possible prior to determining who will manage them, such that no head coach gains an advantage by building his/her own team. Division Directors and all head coaches must be present when teams are formed.
3. The Division Director will provide each head coach with a listing of all players and their ranking in addition to their assessment notes if the coach attended assessments.
4. The draft will begin by placing the pitchers and catchers onto teams with the goal of each team getting at least one pitcher and catcher.

5. The remainder of the draft will continue by placing players onto teams based upon their ranking. For instance, if there are four teams, the top four ranked players will be placed onto separate teams. Then the next group of four players will be placed onto separate teams and so on until all players have been placed on a team.
6. Spring league team size shall be consistent with Babe Ruth rules. However, rosters may be expanded beyond Babe Ruth rules for the season or on a game-by-game basis for the purposes of making sure that there are enough players to ensure games are played.
7. Once all equal teams have been formed and agreed upon, the teams will go into a hat and the head coaches will each draw a team. The team that each head coach draws is now theirs.
8. Once all players have been placed onto teams and head coaches have been selected, the head coaches can propose player trades to address player requests. It is important to note that accommodating player requests is of secondary importance to creating teams with parity.

Note: When forming teams, siblings must be kept together. Only players of equivalent skill level should be traded. The following trade rules will be used:

- a. The head coaches must now trade for their children if they are not on the team that they picked. An even trade must be made.
- b. No trade of an entire team will be allowed between head coaches. All trades must be agreed upon by all head coaches and the Division Director.
- c. No trades should be allowed that will severely upset the parity of the teams in the division.
- d. Finally, careful consideration of trading skill position players should be taken. (e.g., having the best pitcher teamed with the best catcher could upset the balance that DYSL wishes to achieve).
- e. All trades must be made and agreed upon by the end of team formation night. No trades can be made after team formation night.

9. Assistant coaches will be recruited from the team that the head coaches have chosen once all teams have been finalized the night of team selections. Consideration should be given during team selection to ensure that each team has at least one assistant coach.

## Appendix X: Spring Player Request Procedure

Occasionally, players request to play in an age division outside those designated by Dover Youth Softball League. Below is the process which governs these requests.

### General

1. Usually, most requests are to play with older players. The league discourages players playing with younger ones (primarily, due to safety concerns) but understands that, occasionally, extraordinary circumstances exist. All cases will be dealt with individually.
2. The player's safety must not be jeopardized by playing with older players.
3. The league will not jeopardize any division (the one which the requesting player desires to play in or the one designated by birth date).
  - a. Each team in the players designated division and the division the player is applying to should meet Babe Ruth League rules for team size.
  - b. In terms of total numbers of players in each or overall quality, by allowing too many players to play in desired, as opposed to the designated, divisions. Having any number of players playing outside their designated age group can possibly create a domino effect to all divisions and the league must consider this when deciding whether players will be allowed to "play up."
  - c. Having the maximum number of teams in a division, with each team meeting the Babe Ruth rules for team composition and size, is considered to be in the best interest of the league and its divisions.

### Procedure/Requirement 8u to 10u, 10u to 12u, 12u to 16u

1. The player's parent/guardian must submit a request in writing to the DYSL Board of Directors concurrent or subsequent to registering to play in the next division and prior to player assessments.
2. A written recommendation from one or more coaches from the previous year's playing division must accompany the request.

3. If items 1 and 2 are satisfied, the Board will be informed that the player has requested to play in the next division.
4. The player must attend both sessions of player assessments (for the 10U, 12U and 16U Divisions), the age division they are applying to, and the age division as designated by her/his birth date.
5. If a player meets all the above criteria and is selected based on try-outs, then the Board will make a final vote based upon registration numbers in each of the divisions.

#### Acceptance

1. The acceptance of the player into her/his desired division is a result of the ability to compete with players of that age level based on the skills assessment.
2. The player must be considered as being:
3. In the top 10% of the players being assessed for their age designated division; and,
4. In the top 50% of the players being assessed for the division the player is applying to play in.
5. If the requirements above are met, the Board must vote on the player request before the player is allowed to play in the next division.
6. Results of the player's individual assessment results will be made available to the player if desired.
7. ALL players are eligible for summer/tournament competition in the official age division in which they participated during regular local season (spring) play regardless of whether the summer team is a Babe Ruth or USA/NSA team. Therefore, players accepted by this procedure may NOT then play "down" on a summer team, unless otherwise allowed by Babe Ruth rules.

#### Advancing from 6U to 8U Division

##### General

Babe Ruth League allows four-year-olds to play in the tee ball (6U) division. As this means that 3 ages can play in this level, DYSL has adopted the following policy:

## Procedure

1. Registrants with one year experience at the 6U level and birth dates which fall between January 1 through March 31 (turning 7 years old) will be automatically advanced to the 8U level upon the parent's request.
2. The player's parent/guardian must submit a request in writing to the DYSL Board of Directors concurrent or subsequent to registering to play in the next division.
3. A written recommendation from one or more coaches from the previous year's playing division must accompany the request.
4. If items 1 – 3 above are met, the Board must vote on the player request before the player is allowed to play in the next division.
5. Registrants who meet the first criterion above, but not the second, and desiring to play at the 8U level must present a written request to do so and the Board will request a previous coach to provide a positive player evaluation prior to granting approval.

## Appendix: XI All-Star Summer Team Guidelines

Below is information regarding the funding for Babe Ruth summer teams, team uniforms and hosting a tournament.

One of the goals of the All-Star Summer teams is to have a balanced budget at the end of the season. Using a league spreadsheet/ledger the head coach and Treasurer calculates planned expenditures and revenue to best predict this outcome.

### Teams -Head Coach/Assistant Coach(es) Qualifications

Any coaches interested in coaching a summer tournament team must meet the following:

- Head coach or assistant coach in the spring roster (Babe Ruth only)
- All coaches (assistant and head coaches) must apply for the position as outlined with in this document.

The Board will review and vote on all coaching applications as outlined with in this document. A total of four coaches are selected for each divisional team, from which one is designated as the Head coach.

The Head Coach will select Assistant Coaches for the designated team from the pool of candidates approved by the Board that have met all qualifications.

## Player Qualifications

Any players interested in playing in a summer tournament team must be on the spring roster (Babe Ruth only) for the current season.

## Teams

Teams at various levels are approved by the Board and may be approved without deciding who a team's coaches will be.

13. If a team generates more than enough revenue to balance its budget and has a surplus:
- a. Any funds remaining will be allocated to the next fiscal year 8u summer team.
