

SHAKER YOUTH SOCCER ASSOCIATION - TRAVEL

COMPETITIVE TRAVEL PROGRAMS

U8 DEVELOPMENT LEAGUE

Our U8 Development league is a co-ed league that moves players into a US Club recommended 4v4 slightly more structured game play. This league will focus on skill and technical development with game play with surrounding communities on the Saturdays. Two indoor sessions are also available during a governing season.

COMPETITIVE TRAVEL LEAGUE U9-U14

Our Competitive Travel League is focused on providing players with a higher level of training. Playes are evaluated for proper team placement.

In our bridge program (U9-U10), there is a half-time professional coach and volunteer coach.

From U11-U14 we have a full-time professional coach along with a volunteer coach. This is community-based competition with weekly games played within the surrounding communities. We encourage our teams to play in one tournament per outdoor session. There are also two indoor sessions available during a governing season. Teams are placed in brackets with same-level abilities.
