

We wanted to advise you of protocols that we will follow as we conduct the programs and practices.

1. Only players may enter the gym. The concession/seating area will remain closed - no spectators. Anyone who does not feel well or is coughing should not attend practice. Players should arrive no earlier than 10 minutes before their scheduled time.
2. Players must enter the building through the RIGHT side doors. They must wear a mask when entering the building.
3. Players will proceed directly to their assigned court and place their bag on a designated "red dot" on the sideline of the court. All red dots will be 6 feet apart. Players must wait by their red dot until training starts - no congregating. Players can remove their masks at the start of practice.
4. Once practice starts, players must move through drills. If there is a line to enter a drill, players must stand 6 feet apart. No team huddles. Water breaks, team discussions will occur with players 6 feet apart.
5. Players need to bring their own water bottle as the water fountain will be turned off. No sharing of water bottles or towels, ect.
6. There will be hand sanitizer dispensers placed around the gym and in the lobby. Players are asked to bring their own hand sanitizer as well.
7. When practice is over, players must wear their mask when exiting. They should exit out the LEFT side doors. Parents must wait outside.

8. We have scheduled 30 minutes between sessions to clean/ disinfect all equipment and eliminate gatherings. Flyer is below with the disinfectant that we will be using.

9. Coaches will wash hands before and after every training session. They will wear masks. They will adhere to the illness policy.

We look forward to getting back into the gym!
