

Eric Weidinger

Candidate for FHYA Board Member – Treasurer or Ice Scheduler

My name is Eric Weidinger, and I am interested in serving on the Flagstaff Youth Hockey Association board as Treasurer or Ice Scheduler. I have been involved with FHYA for the past five years and have greatly enjoyed being part of a program that I have seen grow and positively impact the youth in our community.

I bring over ten years of experience as a youth counselor, which has helped me develop strong skills in supporting kids, building confidence, and creating positive environments for learning and development.

As Ice Scheduler, my goal is to provide more full-sheet ice opportunities for 6U and older teams, ensuring players have the space and structure needed to improve their skills and compete at higher levels. As Treasurer, I would like to continue supporting the board’s strong financial stewardship while also exploring long-term possibilities for expanding hockey in Flagstaff, including the potential for building an additional rink. I understand this will be a challenging and long-term vision, but with another rink, the opportunities for growth in our program could increase significantly.

Above all, I believe I would bring value through my dedication to the kids—working to create opportunities that help them grow in both skill and hockey knowledge, while continuing to strengthen FHYA for the future.
