Dear Friends of JDL Providence Football,

JDL football is an innovative youth tackle football program developed to promote the game of tackle football to young players of various age, weight and ability levels. The JDL philosophy is "player centric" and implemented in a manner that assures a safe and enjoyable experience for all participants. All players will enjoy abundant and meaningful playing time by getting the opportunity to learn and play every football position. All participants in JDL football derive significant benefit from the experience by developing new skills, gaining increased confidence, self-respect and self-worth, all while learning valuable life lessons including sportsmanship, teamwork, commitment, acceptance of discipline and the respect of others.

Our first priority is always the safety of our young athletes. In order to teach proper and safe tackling, the purchase and utilization of many types of equipment is necessary. It would be impossible to do all of this without the support from our community and local businesses who are looking to make an impact. If you are interested in teaming up with us this season and becoming a sponsor of the JDL Providence Football program, please review the attached sponsorship packages. Every dollar from every sponsorship is helpful and is put immediately into the JDL Providence program to help develop young athletes.

JDL Football Mission: The mission of Junior Development League Football is to provide a safe environment in which children have an equal opportunity to learn, play and enjoy the game of tackle football. Essential to the mission are:

- Player development & balanced competition
- Abundant and meaningful playing time for all
- Positive reinforcement
- A focus on fundamentals
- A unique coaching strategy

Thank you for your time and consideration. We could not make this program possible without your support!

Sincerely,
Scott Haak, PT, DPT, MTC, CSCS
President and Director of Coaching
